Lowest point reached in 1935	43,000,000 gallons

All Reservoirs full except the Rice Reservoir which will be full about January 15, 1936.

Our department is much pleased to state that, of the \$50,000.00 raised to build the Rice Reservoir, \$4,000.00 was paid back on the Reservoir Notes, and \$5,000.00 paid on the Principal, leaving a balance of \$41,000.00 to be paid in the next eight years. We have also extended a letter of thanks to the W.P.A. for aid given during construction of the Reservoir.

The State Board of Health requested that all water of our department be chlorinated; to do this, we had to build a building of cement on feed line to Straw Reservoir, buy a 4 inch Meter, and two Chlorinating Units; one of these Units replaced a worn out one at the Dole Reservoir; thus our Chlorinating Expenses were very high for 1935.

With this set up, we will be able to determine the amount of water used by the town each year.

Respectfully submitted,

CHARLES W. EASTER, Superintendent.

#### REPORT OF TRUSTEES FISKE FREE LIBRARY

The peak in circulation was reached in 1932-33. Since then the trend has been toward a more normal level. But if there has been a slight decrease in circulation there has been no lessening of work in the endeavor to keep the library up to its usual standard. Reference work has increased even over last year. This together with the regular routine work of book selection, ordering, classifying, cataloging, book repairs and the many other duties have made it an unusually busy year.

During 1935 the library circulated 80,044 books and magazines, of this number 23,906 were Juvenile. There has been a decrease in fiction but gains in juvenile, literature, science, useful arts, travel and biography. There has been a large demand for books on occupations, vocations and careers. Four books recommended by the State Leader of Boys' and Girls' Club Work have been in constant use. Many such books have been borrowed from the State Library. We have also had three traveling libraries from the Public Library Commission which have been of general interest to our readers and greatly supplemented our own still inadequate supply of new books. The slight increase in the appropriation has helped but it is still far from what it should be.

1,249 books have been added this year, of which 297 were given. We wish especially to thank Mrs. F. C. Wood for her generosity in giving so many books from her library; Mrs. Hunter for adding to the religious collection; Mrs. A. Ptasnikoff for Russian books and the Durward Estate for books from Miss Alice Durward's library.

In addition to sending books to the Hospital, Frances Tolles Home, County Home, clubs and schools, we have been able to send many of our older books to the CCC camps and to some of the smaller libraries near by. Discarded books were given to a town in Vermont where there is no library. Many CCC boys have registered at the library and demands for books on special subjects have been met in that way.

We are not yet able to meet the hospital demand as it should be met. A hospital collection should be chosen from special prepared lists.

As is our custom, Book Week was observed in November. The Carolyn Stoughton Book Shop sent an attractive display of children's books which was supplemented by some of our own. Lists of books recommended for purchase were distributed.

During Educational Week a shelf of books for Boy Scouts was featured. We have had an exhibit of photographs from the State Library and at Christmas time the Campfire girls exhibited the dolls which they dressed for distribution at their Christmas party.

Andrew Carnegie's anniversary was celebrated by exhibiting posters and a portrait sent to the library by the Carnegie Corporation in New York.

There is the same interest in the Historical room and several articles have been added.

The floors have been done over which adds greatly to the appearance of the building. A table made by the manual training class at Stevens High School has been added for book displays.

A very interesting magazine, the "Yankee", a magazine "by Yankee writers for Yankee readers about Yankeeland", has been added recently, the gift of Mr. Henry S. Richardson.

We should like to mention every gift, but we can only make grateful acknowledgement to all persons who have made gifts to the library or in any way cooperated in the service to the community.

Following are the names of the people who have made gifts to the library: Mrs. Minnie Back, Mrs. Hira Beckwith, Mr. Albert Benjamin, Crowell Publishing Company, Mr. Albert Brennan, Irene Brennan, Miss Laura Briggs, Mr. E. F. Bristol, Mrs. E. F. Bristol, Mrs. William Brown, Catholic Daughters of America, Gerald Chatsey, Carol B. ## CHIEF ENGINEER'S REPORT

---

To the Board of Selectmen:

The number of calls received by the Central Fire Station during the 12 months ending January 31, 1936, was less than during the previous year, bell alarms totaling 10 as compared with 14 during the prior 12 months. Still calls for the year were 295, also somewhat less than for the twelve months ending January 31, 1935, and the grand total of alarms to which the department responded was 305. As in past years, many of the still calls were for blazes which save for prompt notification and response might have caused serious property damage and necessitated general alarms.

The 10 bell alarms for the year were as follows:

May 5—Box 26, 4:25 p. m., Delia Lapointe house, Pearl street.

May 16—Box 34, 1:06 p. m., A. Dubovik house, Bank street.

July 3—Box 61, 8:05 p. m., brush fire, rear of Shoe Shop.

### HYDRANTS

One new hydrant has been added to the town system during the past twelve months. This hydrant, located at the corner of Eastman and Barnes streets, affords added protection to this section and is in line with the department's policy of installing new hydrants at such points as will best promote the general efficiency of the fire-fighting force.

## FIRE ALARM SYSTEM

No new fire alarm boxes have been installed during the past year. Electric supervisor equipment, supplementing the rectifier and battery system purchased a year ago, has been installed in conformity with recommendations made last March and subsequently approved. This has proven invaluable in insuring automatic operation and eliminating all danger of disrupted service due to accident or other emergency.

## RECOMMENDATIONS

Equipment and apparatus of the department is at present in good condition, and I do not recommend purchase of additional fire-fighting units at this time. Claremont's annual fire loss continues low, a fact which I attribute both to the praiseworthy loyalty and cooperation of members of the department and to the increased community awareness of the fire menace and its assistance in preventive and precautionary measures.

I wish to take this opportunity to express my appreciation of the fine work along educational lines carried on by teachers and school authorities among the younger generation, and of the fine cooperation rendered by members of the police department, the telephone company, the fire department, and citizens of the town in general. And I bespeak a particular word of praise for the assistance of officers and members of the Claremont CCC Camp in building five "water holes" in outlying sections as an added aid in combating fires on isolated farms, together with the hope that this much appreciated work may be continued and extended during the coming year.

C. E. SEARS, Chief Engineer.

## **FIRE WARDEN'S REPORT**

For the Year 1935.

---

Claremont, N. H., Feb. 1, 1936

To the Selectmen and Citizens of Claremont:

I would respectfully report, there were 8 calls for Forest Fires during the past year. These fires were handled at a cost of \$96.90.

I wish to thank the people for their cooperation and assistance.

Respectfully,

P. J. SHERIDAN,  
Forest Fire Warden.

## POLICE DEPARTMENT

### RECOMMENDATIONS

I am recommending again this year that the Town purchase a light car or motorcycle, with a preference of a car, so that it may be used twelve months of the year, and a man to operate it, to patrol the roads of the Town in an attempt to cut down on the number of accidents.

During this past year there have been 117 accidents reported to this Department, which is an increase of 34 over last year, and an increase of 9 persons injured.

I am also recommending that one half of the salary cut be restored to the Police Officers.

### REMARKS

Our Department is now an Official American Red Cross First Aid Station, and has the honor of being the first in the State of New Hampshire. This distinction has been made possible through our local Red Cross Committee, and Mr. Anthony Leahy, who has given so willingly of his time in instructing the Officers, and in behalf of the Officers and myself I wish to thank Mr. Leahy and Dr. Charles F. Keeley for their interest and cooperation. Our Department has many opportunities during the year to render first aid.

I wish at this time to thank all of the Officers for the splendid cooperation they have given me at all times in helping to make this Department one of better service to the Town.

Respectfully submitted,

Wm. C. NOBBS,  
Chief of Police.

## HEALTH OFFICER'S REPORT

---

To the Board of Selectmen:

In making this, my annual report of the activities of the Health Department, it is my pleasure to announce that the past year has broken all previous records in the small number of communicable diseases, with a corresponding low mortality record for these diseases.

A total of 242 cases were reported during the year, a decline of over 50% from the preceding year, and are classified as follows:

	Cases	Deaths
Chicken pox	50	0
German measles	122	0
Infantile paralysis	1	0
Mumps	4	0
Pneumonia	22	17
Scarlet fever	3	0
Septic sore throat	5	0
Tuberculosis	11	2
Venereal disease	15	0
Whooping cough	9	0

Continuing the campaign for the control of diphtheria as in previous years, Claremont has ended its fourth consecutive year without a case of diphtheria in the town.

Free treatment for the prevention of diphtheria was begun in 1924 and the effect of this immunization treatment has been definitely shown from year to year in the decline in the number of cases, until the disease has been practically eliminated in Claremont.

Cooperation on the part of the public who realized the importance of this treatment for children, together with the active participation of local physicians and school officials has been a large factor in ridding the town of this dangerous disease.

It is necessary to obtain the consent of the parent or guardian of every child before treatment is given, which is done in each case. The toxoid treatment as now given is simple, harmless and quickly given; it takes a few months for protection to develop, then the child is safeguarded against diphtheria for life.

## TUBERCULOSIS

Report of N. H. Tuberculosis Association Clinic  
and Nursing Service.

No. of clinics held during year	6
No. of persons examined at clinics	174
No. of new persons examined at clinics	92
No. of positive cases found	11
No. of suspicious cases found	15
No. of families under supervision	139
No. of positive cases under supervision	152
No. of suspicious cases under supervision	92
No. of patients cared for at sanatoria	8

The N. H. Tuberculosis Association, through its annual Christmas Seal Sale, finances all of the diagnostic Tuberculosis clinics throughout the state and a staff nurse for each county, whose duty is to carry out a program of case finding, follow-up and health education.

The good that is accomplished in the clinic service is not entirely confined to sifting out tuberculosis patients, for during the course of the year a large number of individuals were found that were suffering from other ailments and were referred to physicians for treatment.

Again we wish to thank the public, board of health, nurses and physicians for their cooperation in maintaining this service.

N. H. Tuberculosis Association

CLUFFIE M. GOBIE, R. N.

Field Nurse.

## MATERNITY AND INFANT WELFARE

Report of the Division of Maternity, Infancy and Child Hygiene of the State Board of Health, Elizabeth H. Carriel, R. N., Staff Nurse.

This division cooperating with the local organization, held clinics in Claremont as follows:

Child Health Clinics		Dental Clinics	
No. held	2	No. held	12
No. children attending	165	No. examined	65
No. children with defects	119	No. teeth extracted	1
No. defects found	328	No. teeth filled	103
No. defects corrected	80	No. teeth treated	126
		No. sets cleaned	82

## SANITATION

Sanitary inspections cover a large field and present a variety of problems to health officials. Many complaints are received that do not come within the jurisdiction of the board of health and therefore call for no action by the Board. All legitimate complaints are investigated by the Health Officer and the difficulty adjusted whenever possible.

As has been before stated in these yearly reports, the sewage disposal situation is the paramount problem confronting this department and a disposition of such complaints is oftentimes, an impossibility, even cases where a radical nuisance does exist, for the department to do anything for abatement of such nuisance.

During the past year funds from the health department were used to cover the expense cleaning up one of the worst sewage nuisances that has existed for several years on the meadow below Spofford street, this being a serious health menace to a large number of families residing in that section. By the opening of a ditch across part of the meadow a sufficient flow of water was obtained to carry a large part of the sewage into the river, instead of remaining a stagnant pool of filth as heretofore. While this arrangement is far, very far from meeting sanitary requirements, it is a marked improvement over former conditions, at this place.

Claremont was one out of ten towns and cities in New Hampshire in which a health survey was carried on under the auspices of the Federal Health Service, during the early part of the summer.

The town was given a good rating with the exception of its lack of a public sewer system. The conditions now existing were very strongly condemned, as being a menace to public health.

The frequent inspection of stores, restaurants and other establishments engaged in the sale or handling of foods and food-stuffs, confectionery, ice cream, fruits, beverages, etc., has been carried on as usual, and strict enforcement of the requirements of the State and Federal Pure Food laws, demanded from all concerns engaged in this class of business.

---

Seven samples of water from private springs and wells, with six samples from the Grannis system, a public supply at West Claremont, have been sent to the State Laboratory for analysis during the year. Reports on water from the public supply all indicated water of excellent quality.

I desire at this time to extend thanks to the physicians, the school department, and nurses connected with the several health units here who have given assistance and cooperation in carrying on the local health work.

Respectfully submitted,

WILLIAM P. PRESCOTT,  
Health Officer.

## AMERICAN RED CROSS

---

During 1934 the total number of house visits were 3,638, and may be classified as follows:

Medical	1,121
Surgical	425
Maternity	1,136
Deliveries	3
Infant Welfare	802
Communicable	18
Tuberculosis	17
Business	116
	<hr style="width: 10%; margin: 0 auto;"/>
	3,638

The visits were paid or unpaid for as follows:

Metropolitan Life Insurance Co.	1,198
John Hancock Insurance Co.	141
Paid or Part Paid	512
Unpaid Visits	1,787
	<hr style="width: 10%; margin: 0 auto;"/>
	3,638

The fifteenth class in Home Hygiene and care of the sick was completed in March, meetings were held weekly in the afternoon.

One hundred sixty-two birth certificates were delivered from the Town Clerk's office to the respective babies' homes.

Two hundred eighty-five babies came to the Red Cross Office to be weighed and advised, during Saturday afternoons.

First Aid classes were given to Girl Scouts during the year.

Assistance was given at Tuberculosis clinics when possible.

Office hours are held daily from 1 to 2 P. M.

MRS. EDITH SLOAN, R. N.

## REPORT OF MILK INSPECTOR

For the Year Ending February 1, 1936

---

During the past year about 350 visits have been made to dairies, stores and farms. Over a hundred licenses have been granted to producers and dealers.

Due to the State Milk Control Board requiring licenses from everyone selling 2 quarts of milk daily, it has been necessary to issue licenses from the Claremont Board of Health division of milk inspection to all producers, no matter how small a quantity they sold.

There has been no disease traced to Claremont milk supply this past year. Samples have been sent to Concord laboratory as usual.

I have received several anonymous letters during the past year complaining about one thing or another, mostly price cutting. I have nothing to do about price cutting, that is the business of the State Milk Control Board, and besides, if a person has a complaint, if they will send me a letter explaining which dealer is at fault, and sign their name, I will gladly do the right thing; but with no names at all and a hundred milk dealers and 10,000 milk consumers, it is impossible to trace them.

A number of producers have tested their herds for Bangs disease and reactors have been removed and slaughtered. No tuberculosis has been found this year among cattle producing milk for Claremont.

Let's all work together for as good a report next year, and better if possible.

Respectfully submitted,

L. R. HAUBRICH, V.M.D

## REPORT OF BUILDING INSPECTOR

For the Year Ending December 31, 1935

---

To the Honorable Board of Selectmen:

There were 5 houses, 13 garages, 2 filling stations, 1 store, 5 poultry houses and 1 saw mill built during the past year. The other building done has been remodeling and repairing. There were 232 permits issued.

The estimated cost was \$67,566.50.

Respectfully submitted,

W. E. ROUNDY, Building Inspector.

## State of New Hampshire Forest and Recreation Department

---

January 30, 1936.

Board of Selectmen,  
Claremont, N. H.  
Gentlemen:—

In accordance with our usual custom we are submitting herewith a statement covering White Pine Blister Rust Control work conducted in your town during 1935. Funds for financing this project were made available from town and state appropriations and federal allotments.

With the exception of the foreman, crews on regular town and state cooperative work were made up of men obtained through application to the town authorities and paid the rate established by the town.

An allotment of Federal funds was made by the U. S. Department of Agriculture to the New Hampshire Forestry Department. This made possible additional employment to local men in your town, also the extension of control measures over a much greater area.

Hours of work and rates of pay on this Federal project were established by the Federal authorities and the Forestry Department was powerless to change them. Furthermore, employment was restricted to men certified by the relief agencies. Their selection was made by the Federal Re-employment Service. However, in many instances it was possible to reemploy men who had earlier in the season been employed on regular town blister rust work.

A total of 32 men were given employment for a considerable period on funds reported in the attached financial statement.

Yours very truly,  
J. H. FOSTER,  
State Forester.

P. S.—In addition to the above statement there were eight other Claremont men employed on blister rust work in the town of Plainfield on W. P. A. funds.

FINANCIAL STATEMENT
